

# Gabby Schlechter

**My name is Gabby Schlechter and I am becoming a Bat Mitzvah on April 1, 2022! For my Bat Mitzvah project, I am running a Busy Box collection drive for children with mothers with cancer. I want to help relieve the stress of parents coping with this disease and add smiles to children's faces. I partnered with Sharsheret to do my Bat Mitzvah project because Cancer has affected my family. Every day I am grateful for the health and strength of the survivors, those fighting this disease and I want to honor the memories of those who have suffered.**

**I chose this project because I wanted to find a way to help out since I cannot volunteer in person with Covid right now. I believe this collection will help make children happier while their mom is resting or getting treatment, and alleviate some of the expenses to help support their children. I cannot imagine how hard this fight is now for those having a mom that is immune compromised, but it is my goal to make an impact and raise awareness.**

**I believe that we should help each other out and stay connected as a people no matter what.**

**I will be collecting toys to drop off and also have an [Amazon Wishlist](#) I've set up.**

**I have a fundraising page to help me buy more toys so that I can achieve my goal!**

**Thank you for helping me with my Bat Mitzvah project so that other kids my age and younger can have fun during a difficult time in their lives.**
