

Hi! My name is Sloane Scharf and I am becoming a Bat Mitzvah in April. For my Bat Mitzvah project I would like to collect toys for the Busy Box Program that Sharsheret runs. The Busy Box is a box of toys given to families when the mom has a cancer diagnosis. The toys are meant to help entertain the children when mom is undergoing treatment. I chose this specific chesed project in memory of my great grandmother Helene, one of my namesakes, who passed away from ovarian cancer the morning I was born. While she didn't use the resources that Sharsheret provides, I would love to honor her memory by helping other families who are living with a cancer diagnosis and bring smiles to children during a difficult time.

There will be a box to collect small toys and games at school as well as an Amazon wishlist (enter link) from which to purchase toys.

Thank you for your support and participation in making my Bat Mitzvah special and meaningful.
