

NEWS FROM SHARSHERET  
APRIL 2025

Through Jordan Brodie's mom breast cancer journey, Sharsheret offered her an extra layer of support. Jordan ran the 2025 NYC Half Marathon with Team Sharsheret to honor his mom's strength and to help others in a meaningful way.

You can make your miles meaningful too! If you're running an upcoming race, join Team Sharsheret and raise awareness in honor of a loved one or special life event. No official race slot needed! Contact [ekleinhaus@sharsheret.org](mailto:ekleinhaus@sharsheret.org) to learn more.

## News & Notes

### The Sharsheret Annual UnSeder: Pre-Passover Virtual Experience

Join us as we come together for Sharsheret's 6th annual pre-Passover experience! At this year's UnSeder, we will focus on the crossing of the sea as a metaphor for the cancer experience. Please join us for Passover insights, music, and much more. [Register today](#). Made possible with generous support

## In Florida for Passover? Register for the Step Up Walk in Aventura

Join Sharsheret and Lasko Getaways on Tuesday, April 15, for a family-friendly walk at the JW Marriott Turnberry Resort and Spa in Aventura, Florida. The first 125 registrants will receive free t-shirts, and registration includes access to the Lasko Tea Room for post event refreshments and snacks. Snacks are Kosher for Passover. [Click here to sign up.](#)

Made possible with generous support from [AstraZeneca](#), [Merck](#) and in partnership with [Lasko Getaways](#).

## Sharsheret Welcomes Dr. Beth Karlan to the Medical Advisory Board!

We are thrilled to announce that Dr. Beth Y. Karlan, a gynecologic oncologist at UCLA, has joined Sharsheret's Medical Advisory Board. As a leader in cancer research, Dr. Karlan's work in early detection, precision prevention, and personalized treatment will help strengthen Sharsheret's support for women, men and families facing breast cancer and ovarian cancer. [Read more here.](#)

The PYNNAACLE trial is now enrolling patients who have been diagnosed with locally advanced or metastatic solid tumors, including but not limited to breast, ovarian, or endometrial cancer that has a *TP53* Y220C mutation. The goal of the trial is to test a new potential treatment that specifically targets this mutation. To learn more about the study and see if you may qualify, please visit our website at [PYNNAACLEstudy.com](https://PYNNAACLEstudy.com).

If you are interested in taking part in PYNNAACLE or another clinical trial, our partners at the Leal Health service can help make sure you find the right trial for you, for free. Information on Leal Health service can be found at our website.
